BRAND CONCEPT

cli di®

Expert prescriptions for your pigmentation.

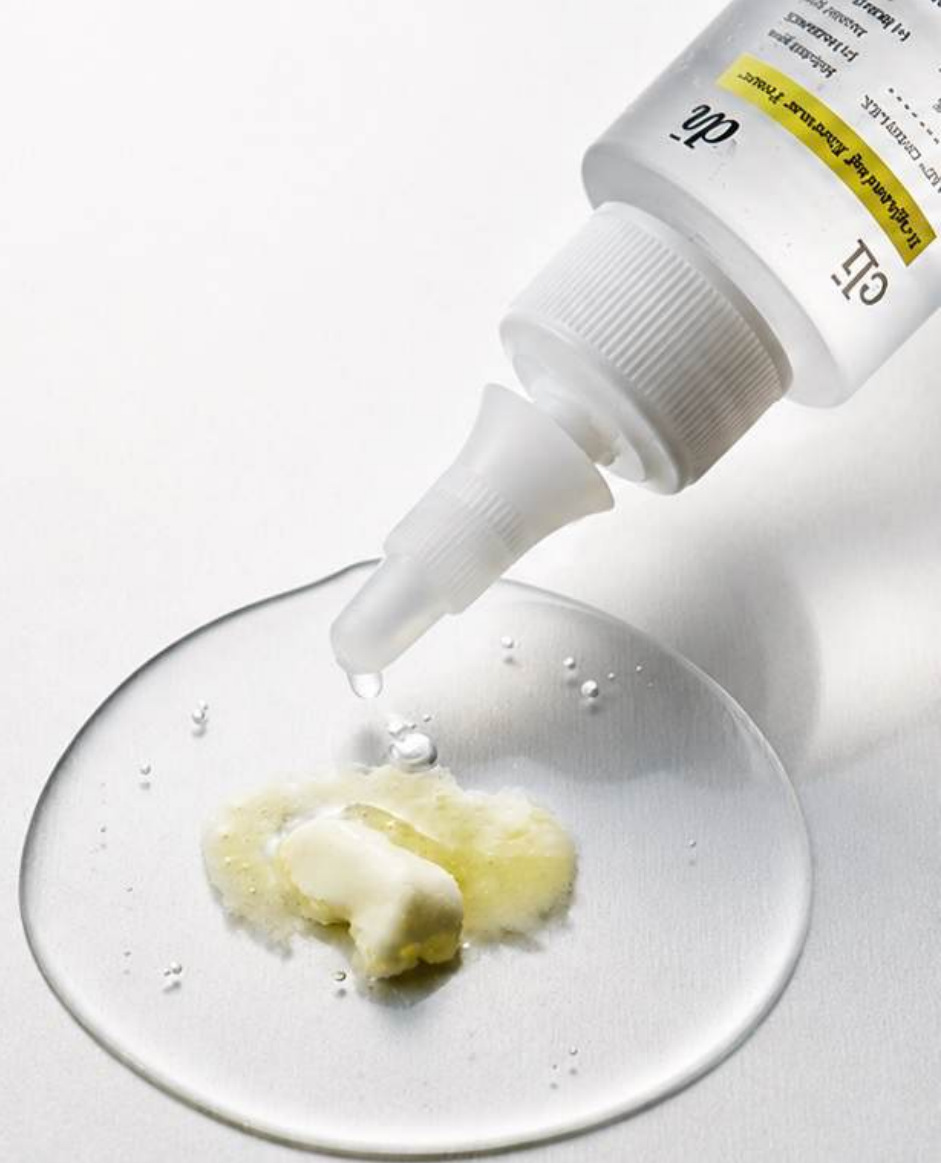

Pigmentation doesn't form all at once.

Irritation → Formation → Migration → Deposition

What we see is just the final result of a long process.
Real care starts by treating each stage.

CLIDI prescribe solutions, not products.

Apply, take, block — whatever each stage needs.
Designed with specialist physicians.

**Good products
don't sell by accident.**

We engineer everything
— from efficacy
to the customer journey.

01 Discover

0.5 seconds. Stopped.

Looks like medicine, works like skincare
— **built with a distinct visual hook** that
makes people stop and look twice.
→ *Raises the odds customers see us.*

02 Empathize

One concern. Solved deep.

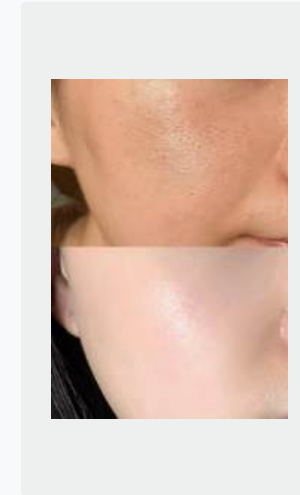

The #1 concern for skin of color: **brightening**.
We break it into every type — spots, melasma,
discoloration — and solve each one.
→ *Raises the odds customers get interested.*

03 Trust

Expertise. Earned trust.

Each brightening mechanism **co-developed**
with physicians — their **signature**, on every
package.
→ *Raises the odds customers buy.*

04 Satisfy

Fast results. True satisfaction.

No waiting months. **Effects are felt within a
day or two**, fast and powerful enough to
notice right away.
→ *Raises the odds customers come back.*

INTENSIVE BRIGHTENING PROGRAM

01. Vitamin C 30% Brightening Skin Capsule

Intensive Brightening

Fades Old Spots

Improves Skin Tone

8 ampoules' worth of actives
in one freeze-dried capsule
— noticeable brightening after just one capsule.

02. Brightening Essence Toner

Daily Brightening

Blocks Migration

Soothes & Repairs

An essence-level concentration of active ingredients
in a light, refreshing toner texture
— an all-in-one daily item that brightens, calms, and repairs.

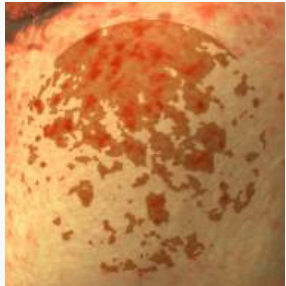

- + **Co-developed with physicians** — The signature of the co-developing physician is engraved on every package.
- + **Actually used in clinical brightening treatments** — Not a sponsorship or shelf display product.
- + **Results proven by numbers** — Backed by Korea's top-tier clinical data, proven with hard numbers.
- + **Powerful results without irritation** — Certified irritation-free with a 0.00 low-irritancy test score.

We prove results with numbers, not words.

PRODUCT 01 — BRIGHTENING SKIN CAPSULE

cli dh[®]

1. An Ampoule in a Single Capsule

All the actives of a full ampoule, compressed into one capsule — brightens overnight, ahead of any big occasion.

2. Engineered for Peak Vitamin C Efficacy

Ferulic Acid Stabilizes a Solution of Vitamins C and E and Doubles Its Photoprotection of Skin
Fu-Hsiung Lin,* Jing-Yi Lin,† Ravindra D. Gupta,* Joshua A. Surles,* James A. Birch,* M. Angeles Salin,* Nancy A. Montano-Rivera,† James M. Grzybicki,* Jan Zelinski,† and Sheldon R. Flinn†
*The University of Texas at Dallas, Richardson, TX; †The University of Texas at Dallas, Dallas, TX; ‡The University of Texas at Dallas, Dallas, TX; §The University of Texas at Dallas, Dallas, TX; ¶The University of Texas at Dallas, Dallas, TX; ††The University of Texas at Dallas, Dallas, TX

Ferulic acid is a potent antioxidant and stabilizer. Its incorporation into a topical solution of 10% ascorbic acid and 1% vitamin E, a significant improvement in the stability of the solution and its photoprotection of skin was observed. Stabilization of skin from UVB is approximately 8-fold as measured by both erythema and melanin cell transfer. Stabilization of aqueous solutions containing both vitamins C and E and ferulic acid in the presence of ascorbic acid significantly reduced the rate of degradation. This combination of pure natural antioxidants might potentially provide synergistic photoprotection against oxidative stress in skin and thereby be useful for protection against photoaging and skin cancer.

Key words: antioxidants, photoprotection, skin cancer, skin aging, skin health

The combination of Vitamin C, E, and ferulic acid boosts **photoprotection 2x**, **antioxidant power 8x**, and improves overall formula stability

Brightening Essence Toner

A full serum's worth, in a light, everyday toner

Daily blemish care

Sensitive to harsh brighteners

Dull tone

Active Ingredient Content

21.5%

Essence-grade concentration in a refreshingly light toner.

Skin Irritation Level

0.00

Soothing, regenerating actives for gentle daily use

Melanin Formation Defense

4 stages

Mela4X™ defends every stage of melanin formation

- + 21.5% essence-grade actives — Concentrated, yet absorbs light and fresh
- + Soothing & regenerating actives — Calms skin, strengthens barrier, gentle enough daily
- + CLIDI's exclusive Mela4X™ — Defends melanin formation from four angles

21.5% essence-grade actives, in the lightness of a toner

Mela4X™ Complex

4-way melanin defense

1. Essence Power, Toner Lightness

We kept the full efficacy of a high-concentration essence while perfecting a texture light enough for daily use like a toner — refined through more than 200 tests.

2. Powerful, Yet Gentle Enough Daily

We went beyond brightening power, adding soothing and regenerating actives — comfortable enough for daily use.

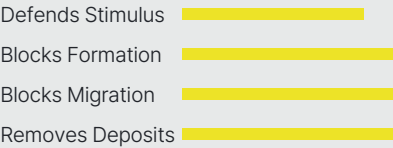

PRODUCT LINE-UP

cli dñ

Brightens with just one capsule

Topical Vitamin Capsule

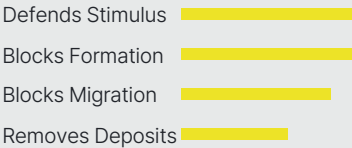

A single capsule contains the active ingredients of a full ampoule — feel your skin brighten with just one use.

Brightens without irritation

Brightening Essence Toner

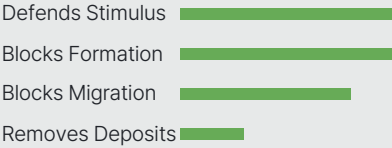

Delivers essence-level actives in a light toner, with soothing / regenerating ingredients for everyday use.

Sunscreen, but edible

Edible White Tomato

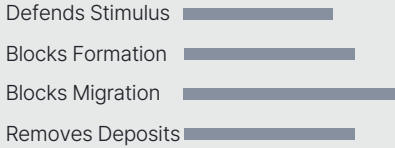

Pigmentation forms even when topical products aren't on your skin. White Tomato Duo is an inner-beauty supplement that manages it from within, preventing melanin synthesis.

COMING SOON

Brightening Ampoule

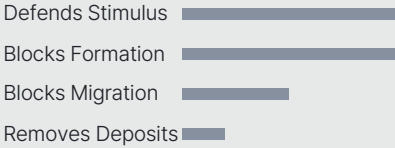

A high-concentration ampoule for daily spot care — applied after the toner, it targets deep pigmentation.

COMING SOON

Brightening Sun Serum

Blocks UV exposure — the first stage of pigmentation — while regenerating ingredients help recover stressed skin, completing the brightening routine.
